The Directors are not aware of the occurrence of any of such events as at the date of this announcement.

GENERAL MANDATE TO ALLOT AND ISSUE THE PLACING SHARES AND THE SUBSCRIPTION SHARES

The Subscription Shares and the Placing Shares will be allotted and issued under the General Mandate to allot, issue and deal with Shares granted to the Directors by resolution of the Shareholders passed at the AGM subject to the limit of up to 20% of the then issued share capital of the Company as at the date of the AGM.

Under the General Mandate, the Company is authorised to issue up to 48,000,000 new Shares (as adjusted taking into account the effect of the Share Consolidation). Up to the date of this announcement, no new Share has been issued under the General Mandate. The 24,000,000 Subscription Shares and the maximum of 24,000,000 Placing Shares to be allotted and issued will utilise 100% of the General Mandate. Accordingly, the allotment and issue of the Subscription Shares and the Placing Shares are not subject to further approval of the Shareholders.

APPLICATIONS FOR LISTING OF THE SUBSCRIPTION SHARES AND THE PLACING SHARES

Applications will be made by the Company to the GEM Listing Committee of the Stock Exchange for the grant of the listing of, and permission to deal in, the Placing Shares and the Subscription Shares.

Since completion of the Subscription and the Placing are subject to the fulfillment of the condition as set out in the Subscription Agreement and the Placing Agreement respectively, the Subscription and/or the Placing may or may not proceed. Shareholders and potential investors are reminded to exercise caution when dealing in the Shares.

REASONS FOR THE SUBSCRIPTION AND THE PLACING AND USE OF PROCEEDS

The Group is principally engaged in the manufacturing and selling of sewing threads.

Subject to completion of the Subscription and the Placing, and assuming all the Placing Shares are successfully placed by the Placing Agent, it is expected that the maximum gross proceeds and net proceeds from the Subscription and the Placing will be approximately HK\$14,400,000 and HK\$13,950,000, respectively. On such basis, the maximum net price raised per Subscription Share or Placing Share upon completion of the Subscription and the Placing will be approximately HK\$0.29. The net proceeds from the Subscription and the Placing are intended to be used for general working capital of the Group and/or possible investment(s) in the future when opportunities arise.

The Directors are of the view that the Subscription and Placing can strengthen the financial position of the Group and provide funding to the Group for its new business development in the future. The Subscription and the Placing also represent good opportunities to broaden the Shareholders' base and the capital base of the Company. The Board would constantly review the existing businesses of the Group with a view to improving the business operation and financial position of the Group. It is one of the Group's business strategies to continue to enlarge its revenue base through fostering its core businesses, and tapping into new emerging markets with expanded business activities. The Subscription and the Placing will therefore enhance the Group's flexibility in future business developments or investments as and when opportunities arise. Accordingly, the Board considers that the Subscription and the Placing are in the interests of the Company and the Shareholders as a whole.

The Directors have also considered other ways of fund raising such as debt financing, bank borrowing, rights issue or open offer. As regards to debt financing and bank borrowing, having considered that it would increase the gearing level of the Group and the interest expenses and finance costs would impose additional financial burden to the Group's future cash flow, the Board considers that such fund raising method is currently not the most appropriate method to the Group. As regards to the viability of a rights issue or an open offer, the Directors consider that the rights issue or open offer would incur higher legal cost and the cost for the preparation of the documents and the process would be relatively time consuming.

The Directors consider that the Subscription reflects the confidence and commitment of Mr. Fung towards the long-term and sustainable development of the Company, and enables the Group to set ground for future business cooperation with Mr. Fung and his associates if opportunities arise which will be beneficial to the business strategy and development of the Group. In light of the above, the Board is of the view that the Subscription and the Placing are the most appropriate fund raising method and are beneficial to the Company.

The Directors (including the independent non-executive Directors) consider that the terms and conditions of each of the Subscription Agreement and the Placing Agreement (including the Subscription Price and Placing Price) are fair and reasonable and are on normal commercial terms and the Subscription and the Placing are in the interest of the Company and the Shareholders as a whole.
